

UGC-NET ORIENTED NATIONAL WORKSHOP ON RESEARCH METHODOLOGY

Organized By:

Indian Academy of Health Psychology

and

Department of Life Long Learning, University of Rajasthan, Jaipur

on

(JUNE 8-9, 2019)

Expanding, understanding and gaining knowledge is the main aim of research methodology irrespective of any field of research. Not only in knowledge development, practical improvement and policy formation, research methodology is also important for the propagation of life in human being. Apart from this, research methodology is the most essential element for the continuous teaching and learning process. Research methods help us in our daily lives including understanding issues, establishing theories, facts and truths and growing opportunities for further research. UGC has made research methodology mandatory in the syllabus of NET stating the importance of research in science/social science. This workshop will focus on all the major aspects of Research Methodology required for UGC NET preparation to research scholars, students and teachers.

Workshop Facilitator:

Dr. TUSHAR SINGH

Banaras Hindu University, Varanasi

Treasurer, National Academy of Psychology (NAOP)

Member of Board of Directors, International Association of Applied Psychology (IAAP)
