

साहित्यसङ्गीतकलाविहीनः साक्षात्पशुः पुच्छविषाणहीनः।
तृणं न खादन्नपि जीवमानस्तद्भागधेयं परमं पशूनाम् ॥

In the Ethics, *Bhartrihari* considered a man without art, literature, and music to be animalistic. In this belief, this important establishment comes to the fore that literature, music, and art give special importance to human beings by rising above some other creatures, giving humanity. Literature, music, and other arts also entertain, but more than this, they have amazing capacity for personality formation, sophistication, and upliftment. Art and literature serve to keep the feelings inherent in human beings alive in their best form. Rabindranath Tagore says – Through art one exposes himself and not his objects. Man's personality is not an external shape or cover, but his inner fragrance, which is filled from within, the more it will be fragrant.

In the present scenario, due to the increasing effect of materialism and negative tendencies on human beings, the cover of inertia is increasing on human sensibilities and emotions. In this situation, it is imperative to underline the role of the subjects like literature-music and art in the personality development of human beings, making the human emotions alive, positive, and dynamic. Along with development and external progress, continuous efforts should be made for the development of art, literature, music, and culture. From this point of view, this seminar has been decided for the personality development of the students, research scholars and all the participants.

To highlight the role of art and literature in personality development, a seminar on online and offline mode is being organized from 25-2-2022 to 26-2-2022 on behalf of Lifelong Learning, Department of Rajasthan University.

About the University

The University of Rajasthan situated in the heart of the Pink city, Jaipur was established in 1947 as a multi-faculty University. UGC has awarded the university with 'A' Grade and recognized University amongst the top 10 Indian universities with the potential of excellence (UPE) in 2012. The university provides research facilities supported through UGC-SAP, UPE, DST-FIST, PURSE, DST-SAIF program grants.
