Program Administration

1. The medium of instruction and examinations shall be English.

2. There will be a component of Continuous Internal Assessment along with End of Semester Examination. Continuous Internal Assessment will be conducted by the Institute under supervision of the Director.

3. There shall be 20% weightage of Continuous Internal Assessment (CIA) i.e. 80% weightage of EOSE i.e. in the final CGPA calculation for each paper. Thus, the marks of Continuous Internal Assessment will be added to the final percentage calculation of the candidate having 20% weightage in each paper. Continuous Internal Assessment will consist of Written Test, Presentations / Assignments / Projects / Quizzes in each paper. EOSE will consist of written test of 100 marks in each paper having 80% weightage in the final percentage and CGPA calculation.

4. No candidate shall be considered to be eligible to pursue End of Semester Examinations unless he/she passes the Continuous Internal Assessment with 36% marks in each paper. Minimum passing percentage for any candidate in each paper in EOSE will be 36%. Aggregate percentage required in every semester will be 48%.

5. The OEC paper of Business Communication and Personality Development in Semester I will be evaluated through verifiable means by an external examiner to be appointed by University as part of EOSE. There will be written examination of 50 marks and external examiner evaluation of 50 marks.

6. Courses/papers are inter-changeable from one year to another. The optional papers are given separately for each semester.

7. The Optional Groups (Electives) for functional area to be introduced will be announced in the beginning of Semester-III. It is not necessary to introduce all the optional groups.

8. In EOSE, There will be 7 questions out of which the candidate is required to answer 5 questions. Out of 7 questions, the question number 7th will be a case problem which will be compulsory.
9. 75% attendance is compulsory in each paper failing which student will not be qualified to take EOSE examination in that paper.

10. Promotion from a semester to another will be as per University rules.

11. Any student wishes to pursue a particular functional specialization area must have cleared the foundational papers in Semester I and II related to that functional area.

12. The student will submit the choice of papers as per university guidelines and by the date announced by the institute.

13. There will be a Credit Monitoring Committee of the Institute whose decisions regarding credits and allied domain will be final and binding as per University rules.

14. Credit registration at least once in all compulsory credit courses shall be binding and earning all CCC credits for accumulation of minimum 120 credits. However, a student may earn more than 120 credits as well but additional credits will not be counted for Percentage or CGPA calculations.

15. All students are required to fill in readmission and examination form for each semester complete in all respects by the due date/late fee date as announced by the Director of the Institute. Incomplete examination forms are likely not to be forwarded to the University.

16. A student may opt for not more than three OEC papers out of total offered papers during Semester I and II. A student will have to opt for total 10 functional specialization papers during Semester III and IV. 5 out of these will be from one functional area and 5 from another during his III and IV semesters. He/She cannot choose from more than two functional areas.

17. Respective subject teachers may announce resources and references in the classes.

18. There should be adequate number of students willing to opt for an elective paper and functional area specialization (if the number is less than 10 then the elective will not be offered).
Semester I
Accounting for Managers

Subject Code: MGS101

Credits: 04

Paper Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate the concept of Managerial Accounting for analyzing Financial Statements. This paper will help students to know corporate sector with the help of analysis of financial statements.

Content

Human Resource Management

Subject Code: MGS103

Credits: 04

Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate the concept of Human Resource Management and various dimensions related to managing Human Resource in the organization. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

Course contents

Human Resource Procurement- Recruitment, Selection and Induction.

Case and Problems.

Note: The text books and reference books will be announced in the class at the beginning of the course by the teacher.

Reference

Quantitative Techniques

Subject Code: MGS104

Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate Quantitative Techniques for managerial decision making and various dimensions related to the application of such techniques in any organization. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

Contents

Game Theory and Applications – Concepts, Zero Sum Game, Pure and Mixed Strategy
Transportation and Assignment Theory and Applications – Concepts, Methods
Decision Theory and Applications - Decision under Uncertainty, Decision under Risk, Methods
Matrix and Its applications

Linear Programming – Concepts, Methods (Simplex, Duality, Graphical)

Case Studies and application of all these techniques for managers

References

1. Levin and Kirlpetuck – Quantitative approach to Management
2. CR Kothari, Quantitative Techniques
3. Sharma, Quantitative Techniques for Managerial Decisions, MacMillian
Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate the concept of Micro and Macro Economics in Managerial Decision Making and various dimensions related to Demand, Supply, Production, Cost, Revenue, Market and Macro Economic Variables. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

Contents

Introduction to Managerial Economics - Basic Concepts, Scope, Positive and Normative, Deductive and Inductive Analysis, Objectives of Firms

Theory of Consumer Behavior - Utility Analysis (Cardinal and Ordinal), Theory of Demand, Elasticity of Demand and Business Decision Making, Demand Forecasting (Importance, Quantitative and Qualitative Techniques)

Market Structure - Perfect Competition, Monopolistic, Oligopoly, Duopoly, Monopoly, Monopsony, Market Equilibrium
